### ACCORD ON FIRE AND BUILDING SAFETY IN BANGLADESH

The Accord is a legal agreement to improve fire- and building safety for the textile industry in Bangladesh. More than 2 million workers are affected with the Accord improvements, which makes it one of our most important initiatives for social responsibility.

### BSCI (BUSINESS SOCIAL COMPLIANCE INITIATIVE)

BSCI is an initiative for companies that are committed to improve working conditions in the global supply chain. The BSCI Code of Conduct contains requirements on minimum wage, working hours, prohibition of child labour and several other important criteria.

### TEXTILE EXCHANGE

Textile Exchange is an international non-profit organization working for the responsible expansion of organic cotton production. While the demand for organic cotton is increasing, the available production is not sufficient.

### CLEAN SHIPPING INDEX

The Clean Shipping Index aims to impact the shipping companies to use cleaner vessels and reduce emissions of greenhouse gases and chemiapproxl contamination of our seas.

# SPECIAL *Design*

## WE OFFER:

Changes and embellishments to our catalogue items based on your wishes. In this way, we can simply tailor our concept and collections.

By making personal changes, any bag of your choice can become a unique product which represents and markets your brand.

For example, you can take advantage of new colour sequences, metal or rubber zip-pullers with your own logo, piping, hangtags, personal labels and, of course, printed or embroidered logos. Small changes to the size or shape might also be what is needed to make that little extra difference.

We can also help with proposal sketches based on your wishes.

Processing tips - in addition, you can change color and materials on outer fabrics, lining etc. Also add piping in different color or reflex.

Print or embroidery or a combination.

TEXTILGROSSISTEN HEFA AB

Woven or rubber label stitched on the bag

Woven or rubber label aka. flag label

Woven or rubberized zippers

Color distortion, for photo and print technical reasons, may occur between the images in the catalog and the actual products. It may also, for reasons of light, differentiate between product image and environmental image on the same product. In these cases, we refer primarily to the product images.

We reserve the right to any price changes and that goods may expire during the year.
